Project Plan Amendment #2

I. INTRODUCTION: GOALS AND OBJECTIVES, AND A STATEMENT INDICATING HOW THE ADDITION OF TERRITORY TO TAX INCREMENTAL DISTRICT NUMBER EIGHT PROMOTES THE ORDERLY DEVELOPMENT OF THE CITY

Purpose

The purpose of Project Plan Amendment #2 ("Amendment #2") is to recognize that Tax Incremental District Number Eight ("TID 8") is suffering from extreme economic obsolescence, is in need of further redevelopment and requires an extension of the life of the TIF in order to achieve economic stability and retire debt. But for additional economic incentives and an extension of the life of TID 8, redevelopment and economic stability are not feasible.

Background

On August 26, 2002, the City created TID 8 and adopted its Project Plan to facilitate the redevelopment of the City’s major commercial center, located along North Port Washington Road (approximately West Henry Clay Street to West Bender Road) and West Silver Spring Drive (Interstate Highway 43 to North Lydell Avenue). The City amended the Project Plan on June 14, 2004 and added territory ("Amendment #1"). The City desires to amend the Project Plan a second time with this Amendment #2 to add additional territory at the northeast corner of North Port Washington Road and West Silver Spring Drive. Together with this Amendment #2, the City is requesting that the Joint Review Board extend the life of TID 8 for an additional four years through the end of 2033.

Over the life of TID 8, significant debt has been incurred and still requires repayment. At the same time, TID 8 experienced a downturn in retail sales and tenant profitability. Prior owners of the Bayshore Town Center determined that the regional lifestyle mixed use development in its current configuration would be unable to generate sufficient cash flow to service its loan, including its obligation to repay debt incurred by the City and its Community Development Authority ("CDA").
Goals and Objectives

The fundamental goal of TID 8 is and continues to be to protect and promote the health, safety, morals and general welfare of the City through the elimination and prevention of substandard, deteriorated, slum and blighted areas and blighted properties through redevelopment and other activities in the redevelopment area. At least 50 percent by area of real property in TID 8 is blighted area and adversely impacted by extreme economic obsolescence.

In order to accomplish the above goals and objectives, and to promote the orderly development of the City, the CDA and the City will exercise their powers under Section 66.1335 and 66.1105 of the Wisconsin Statutes, including but not limited to, acquiring and selling property by purchase, lease, eminent domain or otherwise, issuing obligations to finance its activities within the project area, and other activities such as, but not limited to, planning, urban design and landscape design, relocation planning and related assistance, environmental investigation and remediation, geotechnical investigation, engineering and foundation preparation, surveying and consolidation of parcels of land, building demolition, site clearing and preparation, public works infrastructure improvements, construction of buildings, public facilities and other structures, redevelopment incentives, as well as other required or related activities and actions.

II. EXISTING USES AND CONDITIONS OF REAL PROPERTY WITHIN TID 8; PROPOSED IMPROVEMENTS AND USES AND PROPOSED CHANGES IN ZONING AND CITY ORDINANCES

Existing Land Uses and Conditions of Real Property

The original land uses within TID 8 include the Bayshore Mall, the United States Post Office and Glen Bay Plaza multi-tenant retail office center. Amendment #1 added to TID 8 US Bank, Kohl’s Department Store, the Goodyear parcel and the original Bayshore Mall core. A map showing the existing uses and conditions of the real property within TID 8 is attached hereto as EXHIBIT A.

This Project Plan Amendment #2 proposes to further amend the TID 8 project area by adding approximately 7 acres and the existing buildings at the northeast corner of North Port Washington Road and West Silver Spring Drive. A map of the territory to be added to TID 8 by this Amendment #2 is attached hereto as EXHIBIT B.

A map of the entire TID 8 project area after adoption of this Amendment #2, together with the metes and bounds legal description of the area is attached as EXHIBIT C.

Proposed Improvements and Uses of Land Within the Project Area

The TID 8 project area is proposed to be redeveloped by repositioning the strongest brick and mortar retail tenants, by replacing some traditional retail tenants with restaurants, entertainment venues, non-traditional experiential retail tenants and by adding additional multi-family and nontraditional age residential uses. Proposed improvements and uses of
land within the redeveloped TID 8 project area are generally and preliminary depicted on
the general conceptual site plan attached hereto as EXHIBIT D.

Proposed Changes of Zoning Ordinances, Master Plan, Building Codes and City
Ordinances

The City Common Council adopted a resolution permitting the CDA to perform the
function of the Plan Commission for general planning and plan implementation purposes,
including tax incremental financing. It was resolved that the CDA be designated and
authorized to act as agent for the City in the development and creation of amendments to
TID 8.

No revisions of the Master Plan are required to implement the redevelopment
contemplated in this Amendment #2. All of the parcels within the amended TID 8 area
are zoned PD-Planned Development District. The PD-Planned Development District
zoning is consistent with the existing City Comprehensive Plan (Master Plan), calling for
retail, office and residential mixed land use throughout the subject area. The PD-Planned
Development District zoning will, in combination with an Amended and Restated
Development Agreement among the City the CDA and the primary property owner (the
“Development Agreement”), ensure development quality and uses that will be compatible
with the surrounding commercial and nearby residential neighborhoods.

Implementation of this Amendment #2 to the project plan will not require change or
modification to the City Building Codes or other City Ordinances. All proposed activities
will conform to and abide by existing codes and ordinances.

III. STATEMENT LISTING THE KIND, NUMBER AND LOCATION OF
PROPOSED PUBLIC WORKS OR IMPROVEMENTS

Project Public Works or Improvements Included Within the Project Plan

The project public works improvements may include, but are not limited to, street
improvements, including streetscape enhancements including benches, trash receptacles,
bicycle racks, and other amenities and features intended to encourage pedestrian access,
safety and enjoyment, as well as functional improvements of the street to address traffic
flow and safety. Also, improvements may be made to underground infrastructure
including wate: mains, sanitary sewers and storm sewers. In the past, the project also
included public works outside the district to the extent necessitated by the project plan,
including street amenities and related improvements including sanitary sewer, storm
sewer, and water mains.

Notwithstanding that public works and improvements have been funded with TID 8 tax
increment in the past, at this point, even public works and improvements facilitating
redevelopment should be funded consistent with the Development Agreement. Under the
Development Agreement, private developers front all redevelopment costs, but
redevelopment costs may be reimbursed to private developers on a pay-as-you-go basis.
out of TID 8 tax increment.

IV. PROPOSED METHOD OF RELOCATION

Neither the City nor the CDA will be displacing any persons in connection with this Project Plan Amendment #2.

V. DESCRIPTION OF TIMING AND METHODS OF FINANCING

In order to accomplish project goals and match expenditure streams with projected revenues, the City must have the ability to finance its desired project costs. Financial resources available to the City include general obligation notes and bonds, revenue bonds, community development authority bonds, special assessment bonds, and developer participation in debt service payments.

**Financing under this Project Plan Amendment #2**

While, in the past, the City and CDA incurred significant debt to fund TID 8 project costs, this Amendment #2 would change the financing of future project costs from debt issued by the City or the CDA to pay-as-you-go reimbursement to private developers for eligible project costs. The Development Agreement being considered together with this Amendment #2 contemplates that private developers will deposit cash into escrow to defease outstanding TID 8 debt (General Obligation debt, CDA lease revenue bond debt: including the East Parking Structure debt) in the approximate amount of $56,600,000 and related interest cost for the outstanding debt (less reserves and escrows). The City and CDA also will apply the CDA lease revenue bond reserves and the TID 8 stabilization fund toward the defeasance of existing debt.

VI. ECONOMIC FEASIBILITY STUDY

Due to extreme economic obsolescence, the current appraised and assessed value of the parcels in TID 8 are:

<table>
<thead>
<tr>
<th>Parcel</th>
<th>Current Owner</th>
<th>Current assessed value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Parcel – 166-800-2003</td>
<td>Post Office</td>
<td>$0</td>
</tr>
<tr>
<td>Parcel – 166-899-1008</td>
<td>CDA</td>
<td>$0</td>
</tr>
<tr>
<td>Parcel – 166-800-2005</td>
<td>Kohl’s</td>
<td>$5,853,100</td>
</tr>
<tr>
<td>Parcel – 166-899-9002</td>

<td>$4,648,700</td>

<td>$65,000,000</td>
</tr>
<tr>
<td><strong>Total Valuation</strong></td>
<td></td>
<td><strong>$75,501,800</strong></td>
</tr>
</tbody>
</table>

At these assessed values, parcels in TID 8 are now valued at their values when TID 8 was initially created in 2002, and almost NO tax increment is being generated. Accordingly, no TID 8 tax increment is being produced to retire the existing outstanding debt in the approximate amount of $56,600,000. Based on this circumstance, the City has requested that the Joint Review Board extend the life of TID 8 for an additional four years until 2033 consistent with Wis. Stat. sec. 66.1105(7)(am). Attached as EXHIBIT F is the
City’s request to extend the life of TID 8. Attached as EXHIBIT G is an independent audit that demonstrates that TID 8 is unable to pay off its project costs by 2029, the end of its original 27 year life of TID 8.

This Project Plan Amendment #2 incentivizes the current owners of Bayshore Town Center to deposit sufficient cash to defease the current municipal debt, as well as to attract additional equity and investment. Under the proposed Development Agreement, all new TID 8 tax increment will be made available as incentives to facilitate redevelopment of TID 8 properties.

Without these actions, additional investment within and redevelopment of TID 8 will not be feasible. With these actions, the anticipated assessed values could be restored to more than $200,000,000.

**Tax Increment Revenues**

Tax increment revenues are derived from increased value increment above the base value of TID 8 multiplied by the applicable total property tax rate. Tax increment revenue is projected as set forth in Table 2 below:

**NOTE:** *The projected Bayshore Towne Center equalized property value, value increment, annual TIF revenue, and total TIF revenue are each based on the estimates and are subject to City review.*
Economic Feasibility Conclusions for Amendment #2

Based on the aforementioned variables and assumptions, the TID 8 produces estimated total tax increment revenues in the amount of $36,749,310.

Current Project Plan Amendment #2—It is concluded that the revitalization of TID 8 will not be feasible without the incentives identified in this Amendment #2 and the Development Agreement.

VII. SUMMARY OF FINDINGS

As required under Wis. Stat. sec. 66.1105(4) and as documented in this Amendment #2, the following findings are made:

1. The redevelopment contemplated in this Amendment #2 and in the Development Agreement is feasible and in conformity with the City’s comprehensive plan (or master plan).

2. “But for” this Amendment #2, the redevelopment projected to occur as detailed herein and in the Development Agreement would not occur. In reaching this determination, the City and CDA considered the significant outstanding debt of TID 8 and the decreased assessed values of the parcels in TID 8 which generate almost no tax increment.

3. The economic benefits of Amendment #2 more than compensate for the added project costs incurred. No expenditures occur at all unless and until tax increment is generated and payment to developers becomes due under the Development Agreement.

4. The benefits of the proposal outweigh the anticipated tax increments to be paid by the parcels in the overlying taxing jurisdictions. No tax increments will be generated but for this Amendment #2.

5. Not less than 50% of the real property within TID 8 remains blighted and adversely impacted by extreme economic obsolescence.

6. The actions contemplated in this Amendment #2 and in the Development Agreement relate directly to eliminating blight consistent with the purpose for which TID 8 was created.

7. The improvement of the area is likely to enhance significantly the value of all of the other real property in TID 8.
VIII. ATTORNEY'S OPINION

RE:  Tax Incremental District #8 Extended Life
      City of Glendale

Dear Members of the Joint Review Board,

As indicated by the City’s Financial Advisor, the City of Glendale is requesting to extend the life of Tax Incremental Financing District #8 by four years statutory maximum allowed.

The City and Community Development Authority (the “CDA”) have incurred debt intended to be repaid by TID 8 increment. The outstanding principal balance on all City and CDA TID 8 related debt is $55,830,000. Along with the outstanding principal there is additional interest and costs accruing over and above that principal balance.

The anticipated 2019 Notice of Assessment Change, the Assessed Value of Bayshore Town Center has declined from $310,000,000 in 2018 to $65,000,000 in 2019. That reduction has wiped out nearly all the tax increment identified in TID 8. Though the 2019 equalized valuation is not yet available, we will assume that the State of Wisconsin valuation will follow the City lead in reducing the Equalized Valuation.

If the Equalized Valuation follows a path similar to the Assessed Valuation there will be insufficient property tax revenues generated to meet the TID 8 debt service in future years. In other words, without any changes or extension to the life of TID 8 there will not be sufficient funds available from TID 8 to pay the outstanding TID 8 principal and interest.

Sincerely,

Rachel A. Safstrom

Dear Ms Safstrom

The City of Glendale (the “City”) has indicated its intent to extend the life of Tax Incremental District No. 8 (“TID 8”) for an additional four years through 2033. Without the extension, TID 8 would close in 2029.

The City and its Community Development Authority (the “CDA”) have incurred debt intended to be repaid by TID 8 increment. The outstanding principal balance on all City and CDA TID 8 related debt is $55,830,000. Along with the outstanding principal there is additional interest and costs accruing over and above that principal balance.

We have been advised that per the 2019 Notice of Assessment Change, the Assessed Value of Bayshore Town Center has declined from $310,000,000 in 2018 to $65,000,000 in 2019. That reduction has wiped out nearly all the tax increment identified in TID 8. Though the 2019 equalized valuation is not yet available, we will assume that the State of Wisconsin valuation will follow the City lead in reducing the Equalized Valuation.

If the Equalized Valuation follows a path similar to the Assessed Valuation there will be insufficient property tax revenues generated to meet the TID 8 debt service in future years. In other words, without any changes or extension to the life of TID 8 there will not be sufficient funds available from TID 8 to pay the outstanding TID 8 principal and interest.

I will be happy to review this letter in greater detail at your convenience.
