

CITY OF GLENDALE  
COYOTE ACTION PLAN AD-HOC COMMITTEE  
MEETING MINUTES  
January 24, 2017

The meeting was called to order at 7:02 p.m.

Roll Call: Present: Richard Wiese, Alderman; John Gelhard, Alderman; Rob Cronwell, Nancy Herrick, Jeff Huntsinger, and Katy Palmer. Absent: Harris Byers and Karen Schrage.

Other Officials Present: Rachel Reiss, Deputy City Administrator.

Committee members reviewed the article regarding the Whitefish Bay trapping coyotes.

The Committee reviewed the proposed Coyote Management Plan. Administrator Reiss stated the Plan had been developed and reviewed by staff. The Police Department will be the agency citizens can contact when they encounter an aggressive coyote.

Several committee members expressed concern with the potential use of sharpshooters and requested that be removed from the plan. Members also indicated that a pet attack or human attack should have the same level of concern.

Administrator Reiss informed the Committee that the City will continue to update the educational information on the City website. In addition, information will be distributed to members in the City newsletter.

Motion by Ald. Wiese, seconded by N. Herrick, to recommend the Common Council approve the Coyote Action Plan as amended. Approved unanimously.

The amended plan will be on the February 13, 2017 Common Council Agenda for review and approval.

Motion by J. Huntsinger, seconded by R. Cronwell, to adjourn the meeting at 8:00 p.m.. Approved unanimously.
