

GLENDALE 2040 COMPREHENSIVE PLAN PUBLIC MEETING COMMENT FORM

Please check one.

I am a resident of: the City of Glendale another community

Thoughts on Preliminary Map/Graphic Recommendations

After reviewing the recommendations on the maps and graphics available for viewing in the presentation, how would you rate your overall support for the recommendations and ideas on each? **Please check the box that best corresponds with your level of support for each.**

Map/Graphic	No Support					Very Supportive				
	1	2	3	4	5	6	7	8	9	10
Vision Statement										
Target Investment Areas Map and Recommendations										
Future Land Use Map										
Transportation and Community Facilities and Bicycle and Pedestrian Maps										

Please share any specific comments you may have on the maps/graphics:

Thoughts on 2040 Vision Principles

Vision Principle	No Support					Very Supportive				
	1	2	3	4	5	6	7	8	9	10
Build a Unified Glendale Identity										
Capitalize on Glendale's central location and grow its role in the region										
Cultivate strong, connected neighborhoods										
Be a regional leader in sustainability and resiliency										
Promote inclusion, diversity, and high quality of life										

Please share any specific comments you may have on the 2040 Vision:

Thoughts on 2040 Comprehensive Plan Implementation Initiatives

Below is a list of implementation initiatives that are being considered as part of the City's Comprehensive Plan. **Please check "✓" your top 5 implementation initiatives among those listed below.**

- Partner with neighboring communities to advance best practices in stormwater management, energy efficiency, and community resiliency.
- Complete a streetscape and community beautification plan that includes wayfinding and signage.
- Increase public art in the City and create opportunities for arts-related uses in vacant storefronts.
- Develop open data policies and platforms.
- Create and support leadership pipelines that expand involvement in City decision making.
- Develop and implement detailed area plans for Targeted Investment Areas.
- Promote maintenance of the City's existing housing stock.
- Support housing in mixed use areas.
- Diversify new housing, in type, style, and price point.
- Pursue redevelopment and infill of underutilized lands, focusing redevelopment within the identified Target Investment Areas.
- Keep Bayshore a Strong Glendale Landmark.
- Identify opportunities to create programs to support small and local businesses, including development approval assistance, business mentoring, development incentives, and small business loans.
- Introduce technology upgrades that will make the provision of City services more efficient, equitable, and transparent.
- Continue to communicate and collaborate with Glendale Schools to ensure adequate facilities and services for its students and families
- Continue to work with Northshore and Milwaukee County communities on land use, natural resource, transportation, and community development issues of mutual concern

Please share any additional comments you would like to share with the City about the 2040 Comprehensive Master Plan in the space provided below.

Thank you for your input!

Please submit this completed comment form to the City's website,
drop off a hard copy at City Hall, or send to the City's Consultant:
Meredith Perks, Vandewalle & Associates, 247 W. Freshwater Way, Milwaukee, WI 53204
or email to mperks@vandewalle.com.

The deadline for providing comments is June 26, 2020
