Why Take Back Your Meds?

Unused medicines that get thrown in the trash or the toilet pollute our waterways. When people flush unused medicine down the toilet or throw it in the trash, it then travels in the sewers and rivers to Lake Michigan — the source of our drinking water.

When unused medicine lays around in medicine cabinets it can get into the wrong hands. This is often the first way kids use illegal drugs. Unused medicine within easy reach is a leading cause of drug overdose – the #1 cause of non-natural death in Milwaukee County.

Please get rid of your unused medicine safely. Permanent disposal locations are listed on the back of this flyer.

The Take Back Your Meds Milwaukee Coalition is working to get more convenient take back locations in Milwaukee County – especially in pharmacies. To learn more visit:
